

GEAR GUIDE

**EVERYTHING YOU NEED TO GO FAST,
HAVE FUN, AND GET DIALED IN!**

We hope your Visa bill is paid up, because you're gonna want to burn that bad boy up as you blast through the pages ahead. You'll find the hottest products in RC broken down by category and alphabetical order, with item numbers and pricing so you can order up all that gotta-get gear. Note that actual prices will vary depending on where you buy, so your dealer's price tag may be higher or lower. Some makers show list prices instead of "street" pricing, so you may find models that are much less expensive at your favorite store—that's always nice! Dig in and enjoy, and be sure to check out *RC Car Action* magazine and rccaraction.com to see the latest in radio control.
